

Café Du Monde – French Quarter

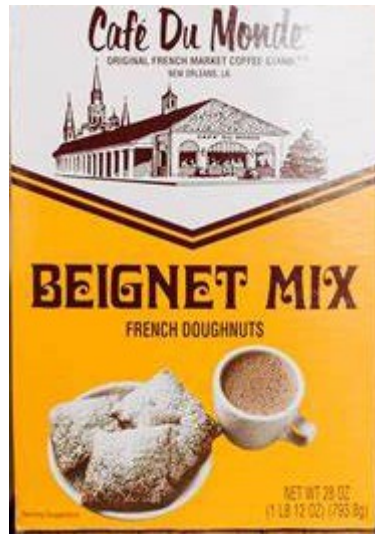

Café du Monde offers the original beignet, the state doughnut of Louisiana. Coffee and Chicory is a New Orleans favorite, served mixed with hot milk as Café au Lait.

We never made it to their original location. However, our Bus Tour made a stop at Café du Monde in City Park. It was filled with the sounds of happy people and the aroma of fresh Beignets and their signature coffee.

Once having made acquaintance with this “taste bud” delight, we purchased Beignet Mix and Coffee & Chicory so we could enjoy this New Orleans treat another day!

If you have not experienced this simple but culinary treat, be sure to do so next time you are in New Orleans.

Beignets and Café au Lait better than advertised!
